

TABLE 1.**SUMMARY OF SUN-EARTH CONNECTION PROGRAMS FOR FY 1998**

PROGRAM ELEMENT	SUMMARY STATUS	APPENDIX A REFERENCE
• Data Restoration Program	Up to \$400K available this year	Section 5.6
• Heliospheric Physics/Cosmic Particle Theory and Analysis Program	Entire program open this year	Section 5.1
• Ionospheric, Thermospheric, Mesospheric Physics SR&T Program	About 50% of the program open this year	Section 5.2
• ISTP Guest Investigator Program	To be competed in future NRA	Section 2.1
• Magnetospheric Physics SR&T Program	About 30% of the program open this year	Section 5.3
• MITM Suborbital Program	About 50% of the program open	Section 5.5
• SOHO Guest Investigator Program	About \$400K expected to be available	Section 5.4
• Solar Physics SR&T Program	About 30% of the program open for competition this year	Section 5.4
• Solar Physics Suborbital Program	Selection of 3 to 5 new investigations expected	Section 5.4
• Space Physics Theory Program	Comprehensively reviewed in 1995 and fully subscribed through 1998; proposals are not solicited.	Section 2.1
